**Nedelja, 19. maj:** – Jezus se v dogajanje javnih oblasti ni spuščal. Njegovo poslanstvo je bilo oznaniti evangelij, to je veselo novico o brezmejni Božji ljubezni. Izpolniti Božji načrt za naše odrešenje, je bila njegova globoka želja. Zato: trpel je in umrl na križu in vstal tretji dan, kot so napovedali preroki.

Z delom za naše odrešenje nam je Jezus izkazal ljubezen na najbolj izreden način. Nam vsem, ki verujemo vanj, naroča, naj ga posnemamo v ljubezni. To zapoved imenuje: **nova**. Nova zato, ker ne sme biti omejena le na nekatere ali pod določenimi pogoji. Jezusova ljubezen ne pozna meja, je brezmejna. Jezus ljubi tudi nasprotnike, sovražnike. Jezus nam govori: *zglej sem vam dal, da bi tudi vi tako delali*. Ljubiti Jezusa in ljubiti bližnjega v besedi in dejanju je posnemanje Jezusa.

The glorification of Jesus. It is as if history had waited for this moment of separation between light and darkness. Satan (the enemy) and darkness entered into Judas when he decides to carry out what he was planning. In that moment the light was made in Jesus who declares: "Now the son of man has been glorified, and in Him God has been glorified also. If God has been glorified in Him, God will in turn glorify Him in Himself, and will glorify Him very soon!" The decisions had already been taken by Jesus and now by Judas. The facts follow one another hastily. And, Jesus announces it: "Little children, I will be with you only a little longer. You will look for Me, and, as I told the Jews, where I am going you cannot come". There is little time left before the Passover. - The new commandment. Today's Gospel points at new commandment of love.
