

Skušnja je izziv za človeka. Skušnja velikokrat v napačni luči predstavi dejanja in življenje. Ta predstavitev poudari le nekatere vidike, samo tiste, ki so privlačni in lahki, da bi človek hitreje to sprejel.

Prvo berilo pove, da je nekoč skušnja, ki je ljudi speljala na nemoralno pot življenja, pripeljala povračilno dejanje. Bog je dopustil potop, ki je odnesel zlo in hudobijo, ad bi se vzpostavila nova zvestoba zaveze.

Jezus in po njem Cerkev nam za premagovanje skušnjav priporča, molitev, dobra dela in odpoved. Kot zdravilo za posledice skušnje, za greh pa milost odpuščanja v sveti spovedi, da bi tako ohranjali zvestobo krstnim obljubam.

“In our time humanity is experiencing a turning-point in its history, as we can see from the advances being made in so many fields. We can only praise the steps being taken to improve people’s welfare in areas such as health care, education and communications. At the same time we have to remember that the majority of our contemporaries are barely living from day to day, with dire consequences. A number of diseases are spreading. The hearts of many people are gripped by fear and desperation, even in the so-called rich countries. The joy of living frequently fades, lack of respect for others and violence are on the rise, and inequality is increasingly evident. It is a struggle to live and, often, to live with precious little dignity. This epochal change has been set in motion by the enormous qualitative, quantitative, rapid and cumulative advances occurring in the sciences and in technology, and by their instant application in different areas of nature and of life. We are in an age of knowledge and information, which has led to new and often anonymous kinds of power.” – Pope Francis
