

Nedelja, 4. julij: – Jezus je prišel v Nazaret, kjer je odraščal in delal z Jožefom. Z delom svojih rok sta skrbeli za vsakdanje potrebe in življenje družine.

V shodnici, v hiši molitve, je Jezus pregovoril svojim sorojakom. Začuden so prisluhnili njegovim besedam, a se jih niso dotalnilo. Jezus se je čudil njihovi neveri.

Ni dovolj poznati in znati Jezusove besede. Jezusu je treba prisluhniti s srcem. Potrebna je vera in tudi zaupanje, da se odpre srce za globoki pomen besede in za milost, ki prinaša Božje življenje in napravlja, da se Božje kraljestvo širi med nami. Jezusova besede nima moči brez vere in zaupanja. Prosimo za dar in trdnost v veri in se z zaupanjem ozirajmo v Jezusa.

The people of Capernaum had accepted the teaching of Jesus, but the people of Nazareth did not. They had known since He was growing up there and now He is so different. They refused to believe in Jesus, because they could not understand the wisdom and did not understand the mystery of God revealed in the person of Jesus... They think that to be able to speak of God, He should be different from them! The people of Nazareth should have been the first ones to accept the Good News were precisely those who had the greatest difficulty accepting it. They said, this is the carpenter, surely, the son of Mary. Because of their disbelief, He goes to the other villages to preach, to announce the Good News of God's merciful love.
