Aleluja. Ostanite v meni in jaz v vas, govori Gospod. Kdor ostane v meni, rodi obilo sadu. ***Aleluja***.
Evangelij: Zvestoba v malem bo nagrajena.

A woman who fears the Lord is to be praised. She will serve others and care for those who are poor.

Keep awake, for the day of the Lord will come like a thief in the night.

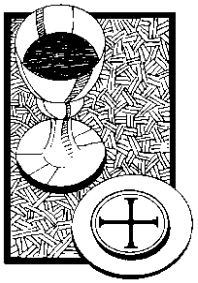

A master gives his servants talents before going on a journey. On his return he rewards those who have been faithful.

Nedelja, 15. november: – Kreposti vera, upanje in ljubezen povezuje zvestoba. O zvestobi nam govori Jezus v evangeliju in v ponazoritev pove priliko, da bi lažje razumeli pravi pomen zvestobe in spoštovanja v medsebojnih odnosih in v odnosu do Boga. Zvestoba ob ljubezni in spoštovanju kaže pravo odgovornost do življenja in dela. Bog nam je podaril, zaupal, sposbnosti in zmožnosti kot pomoč za odgovorno življenje in delo. – Prosimo Jezusa, naj nam pomaga s scvojo milostjo, da bomo dragoceni dar vare živeli in dellii z drugimi in tako pričevali z odgovornsotjo in zvestobo hvaležni za Božji dar.

Jesus knows the excitement we have in our heart... Those who want to enter the kingdom must be ready to venture – risk-taking is at the core of the talents, the intrusted property is the symbolic meaning of God's grace. The fearful servant who returns his unused talent or coin to the master is similar to the potential follower of Christ who is unwilling to risk very much for the sake of the kingdom and stop following Jesus and his reaching. .. What might the Master say to me when I'm presenting my case? I certainly don't wish to find that I have unused talents when he calls me to account… Lord you are so patient with me. You give me plenty of time. And all you ask is that I try my best to serve you, please you, and glorify you by fulfilling my potential and helping as many others as I can listening and following you.… Give me strength to do your will, to fulfill my mission, my responsibility.

SVETOVNI DAN UBOPGIH – Danes je Svetovni dan ubogih. Papež Leon je napisal posebno sporočilo: »Gospod je zatočišče ubogega.« • Papež Leon nas ob svetovnem dnevu ubogih opomni na povezanost vere v Boga in družbene pravičnosti, ko pravi: »Odsotnost Boga ljudem ne omogoča več, da bi drug ob drugem živeli v medsebojnem spoštovanju, temveč njihove odnose zaznamujeta oblast in izkoriščanje enega nad drugim.« Krščanski nauk uči, da prav v tistih, na katere drugi gledajo zviška, vidimo svoje brate in sestre ter se zavzamemo zanje.

Pope Leo XIV says, "The poor of our day are the forgotten and the marginalised: robbed not only of bread, but also of a voice and a face." Christian community "cannot remain indifferent to the many who today stand at the door but remain invisible to those who are shut within their own walls."

Bliža se zaključek liturgičnega leta. Prihodnjo nedeljo obhajamo praznik Kristusa Kralja Vesoljstva, ki je zadnja nedelja v tem liturgičnem letu. Čez dva tedna bomo začeli novo liturnično leto, ADVENT.
